P5 £36 RRP

I'm a jeweller and printmaker based in Leeds, and working in Sterling silver, copper and any other metals as long as they can be etched and textured.

I'm influenced by the English landscape, printmakers and their techniques, and the chemical processes which can be used to alter the surface of materials.

Largely self-taught, having started making jewellery in evening classes around 25 years ago, I have picked up new printmaking and enamelling skills through workshops over this time too. I've been selling in shops and galleries for around 6 years and last year had my first solo exhibition of metal pictures.

I love to experiment and am always looking for ways to combine my two favourite disciplines to make work which is spontaneous, textural, dark, occasionally colourful, and never exactly the same.

P12 £36 RRP

Earlier this year, I had an exciting commission from Mason's Yorkshire Gin, to make 100 bottle labels from their trusty gin still, Steve, who had been damaged in a fire at the distillery. The labels were as a thank you to all the people who had helped them, and it was an honour to be involved (and I got to visit the new distillery).

There's still quite a lot of Steve left, so I have developed some more labels, this time with a woodgrain texture, as part of my Patina range. I'm open to suggestions as to wording.

Products:

Jewellery is made using Sterling silver, copper and semi-precious stones as stated on individual item description.
All items hand made by me and as such no two will be exactly the same. Findings (jump rings, chains, cufflink, tie slides & Tie Pin backs) are bought in unless otherwise stated.
Silver only items under 7.7g are hallmarked 925 plus my maker's mark. Over that weight is hallmarked by the Sheffield Assay Office, as either Sterling or Mixed Metals in the case of Silver, Copper & Brass.

Photos are taken to give as an accurate representation as possible of the item. Please bear in mind that photos are close-ups and pay attention to the dimensions given in the item description. Different monitors or printers may make colours appear slightly different to the actual colour.
All items are handmade individual pieces and will vary slightly, even within same design.
Being naturally formed, the stones I use vary slightly in colour.
